

## CONFERENCE CALL TYPES AND PRICES

### ***READY CONFERENCE*** ***"No Reservations"***

Affinity's Ready Conference service allows you to hold a conference call without making reservations! □ Upon enrollment you will be assigned a Ready Conference account number allowing you to hold conference calls instantly. Ready Conference, a fully automated conferencing service, is available at a competitive per line/ minute rate. WEB moderator, an enhanced feature of Ready Conference, compliments the audio portion of each call through your personal computer.

Ready Conference

22¢ per line/min

### ***CALL EXPRESS*** ***"Fully Automated"***

Affinity's Call Express service is fully automated and allows you to set conference calls on a per call basis. Each conference call is scheduled through Affinity and includes both toll and toll-free calling for participants. Call Express Toll means that each participant will pay for their own long distance charges while the conference host pays only the per minute bridging charges. Call Express Toll-Free will charge the conference host for the entire cost of the call.

Call Express Toll

17¢ per line/min

Call Express Toll-Free

27¢ per line/min

### ***CORPORATE*** ***"Higher Level of Service"***

Affinity's Corporate conference calling service provides higher levels of service, including operator involvement in various aspects of the call as determined by the host's needs. Attendee introductions and roll call, access to an operator, fax or call notification and recording or transcription are some of the additional services available. Participants can call in toll, toll-free or elect to have a conference operator call out to them.

Corporate Toll

34¢ per line/min

Corporate Toll-Free

44¢ per line/min

Corporate Dial-Out

44¢ per line/min

### ***EVENT*** ***"Heightened Security - Affinity's Best"***

This premier conference call service includes heightened security and operator attendance in combination with the other available services associated with our Corporate level of conference calling. This service is typically reserved for corporate meetings with a large number of attendees or meetings of a sensitive nature where greater security and reporting are an issue. Participants can call in toll, toll-free or elect to have a conference operator call out to them. The Event calling service brings a higher level of security, accounting, monitoring, notification and reporting to your conference call.

Event Toll

49¢ per line/min
